Re: Signage Committee Report for A/P Council

Our committee has met on approximately 6-8 occasions starting back in April 2008. After viewing a variety of pictures of present signs on campus, the group has worked toward building "uniformity and conformity" for all new signs placed on campus.

The committee decided to use the shapes, font styles and color schemes of the campus' newest signs as a model/guide for future signage. The committee has made a recommendation to the Chancellor to adopt eight (8) separate categories and styles of signage for the campus. These categories include the following:

1. Campus Gateway
2. Campus Directory
3. Vehicular Directional
4. ADA Entry Map
5. Building Identification
6. Nameless Building Identification
7. Indoor/Outdoor Venue Identification
8. Department Identification

The Chancellor has yet to approve the committee's recommendations. Once we receive the Chancellor's approval, a copy of these recommendations will be forwarded to A/P Council.

The committee also anticipates having additional meetings to approve future signage requests for specific buildings, campus departments, etc.

Sincerely,

A handwritten signature in cursive script that reads "Jon Geiger".
